

The fastest way  
to move ahead in  
your career.

Earn your **MBA** at **UNA**.

AFFORDABLE. FLEXIBLE. REPUTABLE.

# Start Your MBA Sooner.

When you've made the decision to get your MBA and move ahead in your career, you don't want to wait around. That's why our program is designed with efficiency in mind.

We understand that students like you have multiple commitments in life, so we've created an MBA program that can fit any schedule. With options for online or on-campus learning, you can engage in courses that provide you the accessibility and flexibility you need. Even more, unlike most MBA programs, our degree requires only 34 credits, helping you graduate sooner and move ahead with your career faster.

We understand busy professionals already have attained valuable preparation for the MBA program in their career. As a result, your work experience may replace the need to take a graduate school entrance exam such as the GMAT or GRE. So don't wait. Advance your career by starting your degree today.

# A class schedule that accommodates yours.

UNA gives you the control and flexibility to earn your entire degree online. That means you stay on track at work or with family while advancing your career opportunities and future success. You decide when it's best for you to learn. On average, our graduates earn their MBA degree in as little as 18–24 months.

# All the MBA benefits for less than half the cost.

At UNA, you'll earn your MBA for under \$18,000 — less than half the national average.\* Yet you'll still receive the high-quality education reflecting the rigorous standards of an AACSB-accredited program — the hallmark of excellence in business education. Fewer than 5% of the world's business programs have attained AACSB accreditation. That's what makes ours the most cost-effective MBA around. You won't find a better deal on a brighter future.

# Stake your business reputation on ours.

Our MBA program is guided by a team of passionate, dedicated, full-time professors with PhDs. Together, they've helped create an online program ranked 17th in the world by CEO Magazine. With that kind of attention, it's no surprise we earned AACSB accreditation — the longest standing and arguably the most rigorous accreditation body.

\*College tuition national average is \$35,000–\$50,000 according to MBA.com, 2016.

# Choose your avenue for advancement.

Pursue the path that's right  
for your professional goals.

## EXECUTIVE
